## VVIP Interior

MAG Design Studio has created a new and innovative VVIP interior for the Bell 429 which has been branded as the Bell 429 MAGnificent. The unique design approach offers a variety of layouts and allows clients to customize each interior to reflect their personal preference.

## Enjoy Your Flight

The advanced noise abatement system called "SILENS" reduces cabin noise to levels where normal conversation can be carried out in comfort. The "I-FEEL" (In-Flight Entertainment Enhanced Lounge) provides an entertainment and cabin management system consisting of audio, video, moving maps, various smart devices, camera and cabin functions.

**reddot award 2014**  
honourable mention

The Bell 429 MAGnificent has been awarded the distinction "Honourable Mention" for excellent detail solutions within the Red Dot Award: Product Design 2014.

## Designed Around You

The interior offers a series of special features: amongst others, a stylized LED lighting solution, an integrated seat base handle and an umbrella holder built in the seat backrest.
